After laminating, you will need to punch holes on the pages and attach them with the binder rings. You can make one big book or several smaller ones. And that's it! You have your own wipe clean books for 6 year olds that you can use with dry erase markers. Your kids will love doing the activities over and over again, and you will save money and paper. Enjoy!. To make your own reusable activity books, you need a paper cutter or scissors, page protectors, and a binder. Cut out the worksheets from the book and put them in the page protectors. Then, insert them in the binder. That's it! You can let your child choose which pages to work on, or take them out one by one. Some tips to make the most of your dry erase worksheets are: - Keep the book cover in a separate page protector and place it at the front of the binder. This way, you can easily identify which pages belong to the same book. - Have a spare binder where you store the pages that you are not using. This allows you to swap the pages and give your child different activity books from time to time.

- Get a 3-ring pencil pouch and keep it in the binder. Use it to store the dry-erase markers. This helps your child to keep track of them and use them only for the worksheets. These books are great for young children who love to learn and practice new skills.

You don't have to buy new books every time, but reuse the ones you have. Roger Priddy is the author of many popular books for children, such as Wipe Clean ABC, First 100 Words, and Fuzzy Bee. He is an illustrator and designer who has a passion for early learning. He has created some of the best-selling children's non-fiction books, such as My First Word Book, Incredible Cross Sections, and My First Cook Book. His books have sold over 65 million copies worldwide and have been translated into over 30 languages.. Roger is a book author who loves creating educational and entertaining books for children. He gets inspired by his own three kids, who are his best critics and fans. He enjoys making books that help children learn how to write and read, while also exploring topics like dinosaurs. He feels happy when he sees a child or a baby engaged with one of his books, which could be their first introduction to reading. Roger lives in London with his family.
